As an exception, if you are involved in a fusion area with a science field, please follow the procedures below.

In November 2021, in accordance with the clarification of the scope of control for “deemed exports” under the Foreign Exchange and Foreign Trade Act (“FEFTA”), some provision of sensitive technology to faculty members and students by universities and research institutions has become subject to control under the FEFTA.

Consistently with this change, when applying to study at the University, students will be required to submit a “Declaration of applicable specific categories” based on the “Flowchart for determining applicable specific categories”. In addition, submitting a “Letter of confirmation” may be required at the time of acceptance.
